

## CITIZENS RALLY TO HELP BOOST 1916 CARNIVAL

(Continued from Page 4)

In charge of a Japanese director, to be announced later this week, and a committee of his choice, which also will plan the program of dancing, wrestling and other sports which will make up the "Night in Japan."

William F. Gaynor, who served last year under Paul Super on the music committee, replaces him this year as chairman. Mr. Super will be absent from the territory during Carnival week.

No chairman for the Hawaiian pageant has been picked, but assurances received today from Mayor Lane made it plain that no difficulties in finding support need be expected. A chairman for the Hawaiian Nights entertainments has accepted, qualified only by his desire to make absolutely certain of the assistants he wishes before his name is published.

W. T. Rawlins, president of the Hawaiian association of the A. A. U., is in full charge of the swimming events and his plans already have been outlined in the newspapers.

Gerrit P. Wilder is chairman of the hibiscus exhibit, and he has called a meeting of growers for tomorrow afternoon.

Superintendent Henry W. Kinney of the department of public instruction is chairman of the Children's Festival, and he will declare Friday afternoon a public holiday in the schools. A committee of teachers to assist him will be announced later. It is understood that each chairman has the selection of his own committees.

Of course James A. Wilder will be enthusiastically at the head of the Boy Scouts. He plans shortly to make a tour of the islands to stir up interest and enroll recruits.

Whether there shall be an automobile parade or not depends largely on the decision of the gentleman who now has under advisement the offer of the board to take it in charge. He is enthusiastically in favor of a parade, but is not quite sure that he can spare the time to direct it. If he accepts, his name and personality are sufficient to insure the success of the parade.

Marston Campbell accepted the chair of the fireworks committee only after he had assured himself that he could have the money to make his division a success. The directors voted him a generous allowance. His plans call for a character of display never seen here before and are well in hand. In a brief summary it is sufficient to say that they include an exhibition of set pieces in the nature of a sham battle at Mollili field, for which admission will be charged, and a dazzling finale, given in conjunction with the water pageant, on the closing night.

If it is decided to hold motorcycle races L. P. George will run them off. He has an ambitious program outlined, but wishes to make sure it is feasible before he publishes it.

ED TOWSE, VICE CHAIRMAN HAWAIIAN PROMOTION COMMITTEE—The Carnival is as good as the working program, it will be the best we have ever had. The free use of local color appeals to me as especially attractive.

FRED L. WALDRON, PRESIDENT CHAMBER OF COMMERCE—The tentative program for the 1916 Carnival seems to me well rounded and carefully thought out. It succeeds in combining variety of interest without distracting conflicts. I am glad to see the duration abridged to five days and the opening events of the introductory night.

WALLACE R. FARRINGTON, PRESIDENT OF THE AD CLUB—Somebody ought to strike out the introduction point after the automobile parade. I believe firmly that a parade of decorated automobiles is one of the strongest attractions a Carnival here has to offer. It will be two years since we saw the last one. The territory is prosperous. Owners of automobiles ought to turn out for the best parade Honolulu ever has seen. Emphasis on the Hawaiian note is commendable from every standpoint. It is of especial interest to the visitor and it appeals strongly to many Hawaiians who believe the flavor of the old days ought to be preserved.

An operation will be necessary to remove the ring. It is not known whether the woman will consent to the operation.

## REPUBLICAN AID TO BE ASKED ON PLAN OF DEFENSE

(Continued from Page 1)

California ranking member of the House military affairs committee, and Representative Thomas F. Butler of Pennsylvania ranking member on the house naval affairs committee.

President Wilson believes that the national defense program of the administration will have large Republican support in the House and Senate. He expects the aid of many Republicans and Progressives, although the program may not be accepted in detail.

Democratic leaders have advised the President that his plan for national defense will be accepted by Congress, but a number of compromises will have to be made on various features of the program.

It was learned today that, while the new House leader, Representative Kitchin, will not vote for the national defense measures proposed by the President and Secretaries Daniels and Garrison, he will frame a bill to provide the necessary revenues for money for the increased national defense appropriations. Mr. Kitchin is now at his home in North Carolina considering in a general way the problem of

## JAPANESE HIRE GUARDS TO KEEP CRIMINALS OUT

The first steps made toward the organizing of a private Japanese police force was taken Saturday evening when a number of the prominent Japanese stationed watchmen outside of their residences to guard against burglars. Some of the watchmen looked after but one residence while others took care of a number of homes. It is expected that further work will be done along these lines by the Japanese.

Vice-Consul Fujii has a watchman patrolling his grounds at night. He was one of the sufferers in the recent wave of crime, and the Japanese vice-consul decided that he would have a private watchman to take care of his interests. A plan is on foot at present to have a number of watchmen allotted to certain districts.
